

FORNO 8 ZONE

Item No.	Picture	Specification
ZBRF830		1.) Preheating zone : 8 zone 2.) Heating method: hot air 3.) Length of heating zone: 1400MM. 4.) Width of net belt: 300MM 5.) PCB size: 280mm width, unlimited length. 6.) Starting power: 11kw 7.) Working power: 3.5kw 8.) Input power supply: three-phase five-wire 380V 50HZ, both voltage can be working normally. 9.) Temperature sensor. 10.) Storage 20 groups date. 11.) Japan OMRON intermediate relay. 12.) Taiwan speed electric machinery. 13.) Alarm function for overtemperature and thermocouple failure. 14.) PID control. 15.) SHEMA interface 16.) HS code: 8514109000
